On our eight night individually tailored experience you will enjoy the exhilaration of the Monaco F1 whilst aboard a luxury yacht moored by the track between the chicane and Tabac corner. From your luxury yacht, you can sip champagne and watch the race from just a few metres from the track.

Staying in Saint Jean Cap Ferrat, formerly the home to King Leopold of the Belgians and the Congo, the Rothchilds, wealthy American industrialists and socialites, Agnelli of Fiat, Somerset Maugham, Charlie Chaplin, and David Niven, this wonderful place is the apex of the French Riviera's "golden triangle" of Cap Ferrat, Beaulieu and Villefranche.

Your trip can include bookings at some of the most exclusive restaurants on the Cote d'Azur with private dining if required, along with the opportunity to visit local places of interest and notorious shopping districts.

Finally, you will join Formula 1's Premier post-race Party where F1 drivers, VIP's and celebrities go to party after the final race.
